At the
beginning of
the 2007-2008
school year the film
strip began to unwind.

Observers began to see the rookie actors, freshmen, taking on their own roles and the veteran actors, seniors, saying their farewell and acceptance speeches in *Our Feature Presentation*. This year the production is losing the leading role, Mr. Woods, and many other cast members, to which this presentation owes all thanks and appreciation to. We wish the best of luck to the retiring actors, the best of luck to the veteran actors who are in search of a new role, and the best of luck to the rookie and remaining actors in their future roles with the Southern High School production company!

Student Life

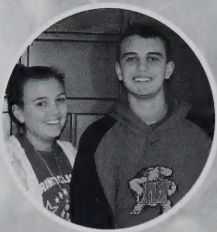

The Student Life section stands as the setting and theme of *Our Feature Presentation*. Not only did the action take place in school but it also traveled outside of the hallways and classrooms. Autumn Glory was rated the a number one fall festival, whereas at Winter Homecoming Student Council mimicked the classic film, *The Wizard of Oz*. Every activity, inside or outside of Southern represents another scene in our year long production.

CHEAPER BY THE DOZEN

Brotherly Love and The Sister Act

Jeff Stem says that he and his sister, Mariah, enjoy playing basketball and eating food together.

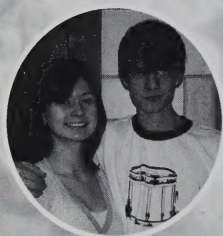

Jerica Bennett says that she and her brother both love Tom Cruise.

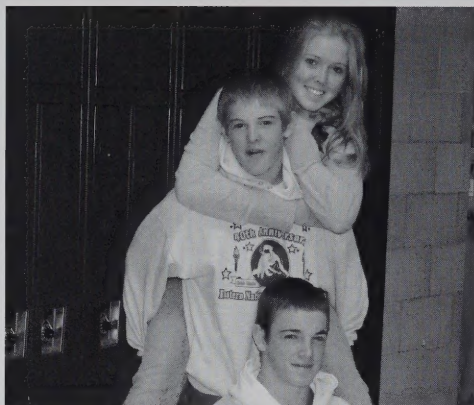

Lora Ashby says that she and her sister Sara, are very different because they like different colors and have different attitudes.

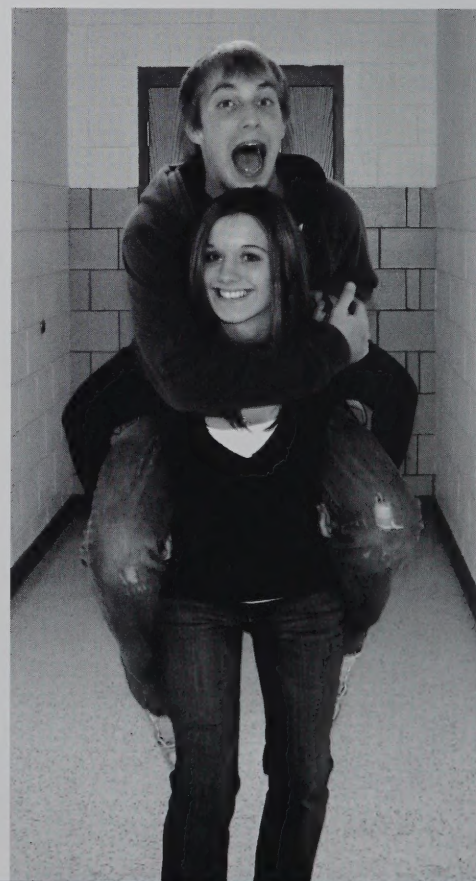

Megan Bauman says, "I enjoy seeing my brother in school and making sure he has a girlfriend that has a good influence on him."

Kristi Davis says, "We are exactly alike, we are almost like twins because we are so close in age," about her brother Tommy.

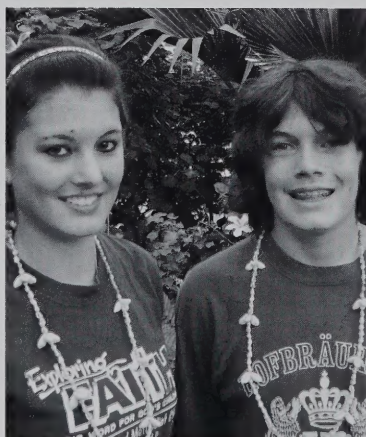

Sometimes school allows students to have a break from their families and siblings, but for Southern's siblings, there is no escape. There are many siblings that attend Southern, and when these students pass each other in the hallway they either give out a "high five" or ignore each other. But, no matter how much these students can't stand their bratty and annoying siblings, they still love each other.

"Having my kids in school with me is a true blessing. Arnye is the only child of three that I was able to be with when he was born. Military life is tough, not only on the soldier, but the families too, but these two have never complained! I consider myself very fortunate to be in a situation in which all three of us are together. The only thing that would have been better is to have all three of my children at Southern at the same time."

Double Trouble

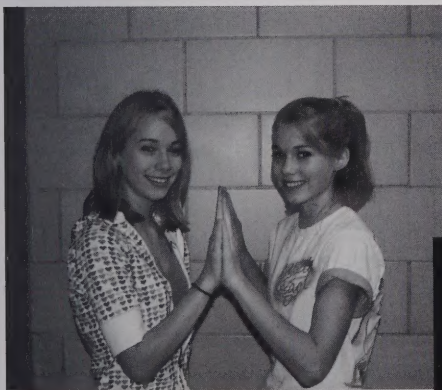

Seeing double? You sure are. There are twelve sets of twins at Southern High School this year and each of them are unique in their own way. Teachers have commented that it has taken a while to tell the difference between some of the twins. "Some twins look so much alike that it has taken me weeks to distinguish them apart," states one teacher.

Twins will sometimes trade places with each other to trick their friends, parents and even their teachers. However, only one of our surveyed twins admitted to switching places.

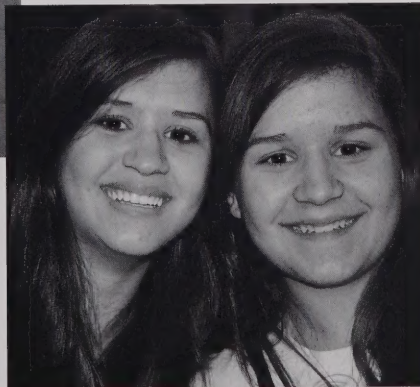

Whether these twins look or act alike, our twelve sets of twins prove that you can never have too much of a good thing!

Amber Gordon said that her mom mixes her and her sister up all the time. "In first grade my sister and I switched places to try and trick our teacher."

Virginia Bryne says, "I enjoy having a twin because we have the same friends and we can borrow each other's clothes."

MY BEST FRIEND

Staff Writer: Tasha DeWitt

The Sprinkles On My Ice Cream Cone

Best friends stand beside you in good times and bad. They listen to your problems and they never judge you for expressing yourself. They love you for who you are and do not try to change you. You can always talk to them about anything and trust them with all your heart. The best friends at Southern show all of these qualities, showing that they are always there for each other.

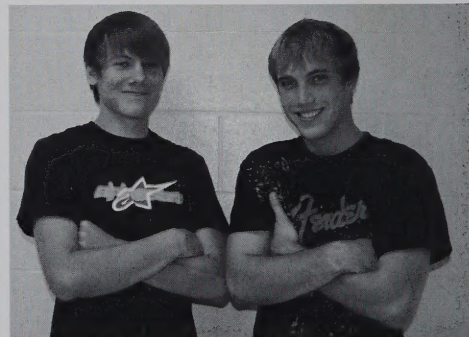

Eleanor Roosevelt once said, "Many people will walk in and out of your life, but true friends will leave footprints in your heart." Students surveyed said, "The only one who stood beside them when they were down and needed someone to talk to was their best friend." **Kendra Hardesty** said, "I know Ayla Fulmer is my best friend because I can tell her a secret, and trust that she won't tell anyone."

"You're...
My Friend,
my companion,
through good times and bad
my friend, my buddy,
through happy and sad,
beside me you stand,
beside me you walk,
you're there to listen,
you're there to talk,
with happiness, with smiles,
with pain and tears,
I know you'll be there,
throughout the years!"

Derick DeWitt and **Joey McCroskey** have been best friends for a couple of years. They enjoy hanging out, playing guitar, and goofing off at Wal-Mart together.

Mikella Hershman met her best friend **Kaycee Ackerman** in 8th grade. Mikella said, "The funniest thing that we have done together was when we made a pizza and five minutes later Kaycee's mom called and said she was coming home to make us lunch. So we threw the pizza out the window into the snow drift. It was so funny."

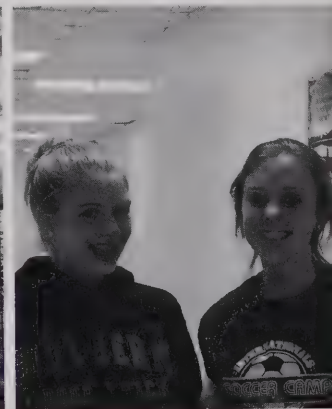

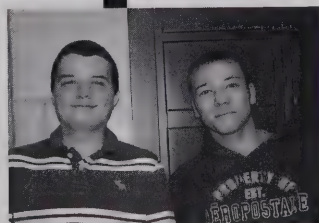

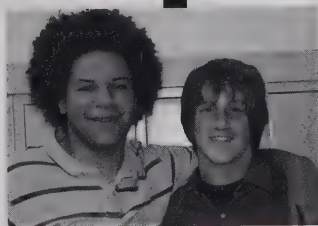

A BEST FRIEND IS LIKE A FOUR LEAF CLOVER...

Hard To Find And Lucky To Have

Kristi Davis, Alysha Friend, and Jennifer Cosner have been best friends since middle school. When Kristi was asked how they knew they were best friends she stated, "It's unexplainable, you just know."

Tiffany Matthews and Jessica Warnick have been best friends for three years. When asked how she knew they were best friends Tiffany stated, "We both have 'blonde moments' and act like one another."

Chelsea Moon and Michael Kozier are best friends. When asked why they are best friends, Chelsea responded, "I can tell him anything and he's always there for me no matter what. Plus, we always have tons of fun together."

Sam Bowman and Steven Bennett have been best friends since 3rd grade. They enjoy hanging out and working on things together.

Abby Wildesen and Kelsey Lear have been best friends since they were 4 years old. "We always eat a lot and watch movies together," Abby stated.

Tiffany Beeman and Brooke Winning are best friends. They said, "In the beginning we hated each other, but then we became best friends."

"My favorite part of Autumn Glory was definitely the colorful leaves because they perfectly demonstrated all of Mother Nature's breathtaking beauty."
-**Brutus Scheffel**

"For Autumn Glory I went to the parade Saturday, then I went to the Mountain Coaster at the Wisp with McKenzie Wotring."
-**Brooke Winning**

"One special Autumn Glory tradition my family has is getting together and eating dinner at my grandma's house on Saturday." -**Tim Preston**

"My favorite part of Autumn Glory was spending time with my boyfriend, going to dinner with him, and meeting some of his family."
-**Chelsea Moon**

"This year's AG was chilly. I stayed warm at Autumn Glory by wearing my DC snowboarding coat."

OCTOBER SKY

Celebrating Forty Years of Glory

The 40th annual Autumn Glory Festival was celebrated by many area residents including some of our very own Southern students and staff. Freedom from school was not the only thing students enjoyed. Students also enjoyed hanging out with friends, participating in parades, eating turkey dinners, attending craft shows, playing and attending the Tournament of the Bands, and spending time with family and friends at this year's Autumn Glory festival.

Catlin Jones was the 2007 Garrett County Farm Queen in the Autumn Glory Parade. She said, "I really enjoyed seeing all the people and all the entries."

SHALL WE DANCE...

Las Vegas Style

The last fall homecoming dance adventure for the seniors was the beginning of many dance adventures for the freshmen. This year's fall homecoming dance took students on a journey to Las Vegas and was a wonderful end to a week filled with homecoming events.

The students created a night of everlasting memories as they danced the night away hoping it would never end. "I'll remember this dance because of Kimberly A. Stephen's duct tape dress. It was quite phenominal," according to **Lauren Neville**. "I enjoyed the dance because my homie B. Dunn and I chilled the whole time," said **Dylan Barnard**.

Fall Homecoming 2007 was a great night full of dancing, spending time with friends and dates, and experiencing a night in Las Vegas.

WHAT NOT TO WEAR...

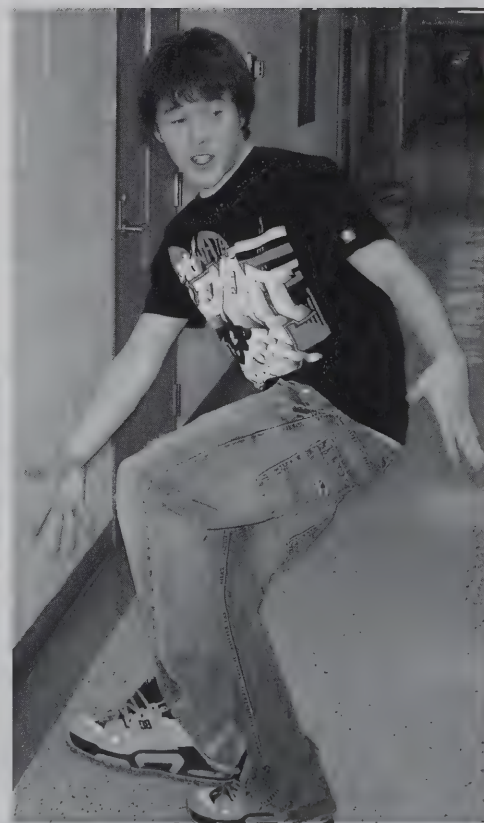

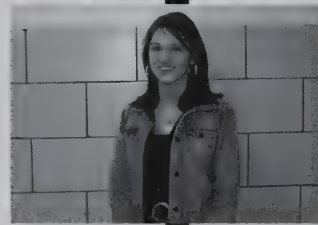

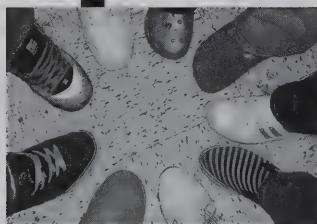

Is Not A Problem For Southern Students

Rachel K. Skipper, Amy Edwards, Brittany Morgan, and Tiffany Matthews show the many fashion styles that girls wear to school.

Elizabeth White and John Martinez show off their unique and creative fashion.

IN THEIR SHOES

Students Express Themselves

Fashion has always been a way for students to express themselves. In the 70's it was the bell bottoms, the 80's were all about accessories, and the 90's introduced the "preppy" period. Today students wear clothes that resemble the styles of many decades. Whether students choose to follow the latest trends or decide to wear something different and unique, the halls of Southern are filled with various styles that fit individual personalities and images.

Tara Marple, Bethany Rexroad, and Beth Sweitzer smile for the camera while they express their fashion.

Aaron Mullenax stated "I have good style because my girlfriend picks out my clothes."

Squeelin' From School

Question: What is the age high school students look forward to the most? **Answer:** Sixteen and three months.

Getting a driver's license is one of the most anticipated times in a student's life. Whether it is because they won't have to ride the bus and catch a ride with their parents anymore or because they can't wait to have the freedom that comes with driving, students tend to waste no time going to the MVA.

Bryan Hutton says, "I am glad I have my license because I get to go to more places and I see my girlfriend a lot more."

DANCING WITH THE STARS

On a Saturday Night!

Those who attended this year's Winterball dance got to experience the magic of Santa's workshop. Live Christmas trees, white lights, and frosty the snowman helped students get into the holiday and winter spirit. Throughout the night students danced to the music of DJ Johnny Rock and enjoyed food provided by the senior class.

The decorations were not the only things that made the dance memorable. This year, every student had a chance to win door prizes. **Ashley Whitacre** was one of the lucky winners. Ashley said, "I won a lip gloss gift set that I gave to my cousin Ellie for Christmas."

Students Earn Cash or Credit

Whether it is to make a couple of bucks, or just to explore the job market, more students opted to leave the building this year and gain some work experience. While some students chose the modified schedule to earn cash, others chose the School-to-Careers option to receive credit towards graduation.

In the School-to-Careers program, students can gain work experience in the fields they would like to enter upon graduation. Students also work in fields relating to their career pathway.

Students who had a modified schedule and worked for cash, chose to do so because they were saving for college or paying for car payments and insurance. Senior **Julia Knotts** works at Rudy's at the Wisp. She has been there for about a year. She stated, "I like my job because I get a free ski pass and I really like everyone I work with." Junior **Pamela Griffin** has worked at Cornish Manor for about four months. She stated, "I think I have a great job because it is a very nice environment."

While some students may think that working will take away from the fun of their senior year, others see working as a way of gaining valuable experiences that will last them a lifetime.

Lending a Helping Hand

Whether it is to demonstrate their leadership skills, or lend a helping hand, students at Southern have many opportunities to make a difference in their classmates lives.

Peer Counselors help administrators settle disputes and handle dilemmas among peers. Students can be chosen to be inducted into the National Honor Society, which give members a chance to get involved with various service projects throughout the school and community. Students can also run for Student Council and if elected, they serve and represent their peers. An organization that helps students develop leadership, Student Council events benefit school and community charities. The Best Buddies program is opportunity for students make a difference in the lives of others.

THE SOUND OF MUSIC

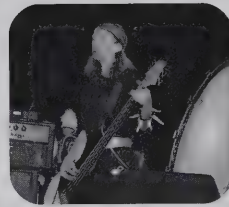

We Got The Beat

Whoever said practice makes perfect was right! Whether it be through long hours at band camp, or practice after school, the marching band perfected winning shows. Conquest for Gold was the show that earned band members the gold they were searching for.

Defending the title of Chapter Champions, the band won and brought the title home again, making it the fourth win in a row. "The most memorable time this year was coming in first place at the Chapter 13 Championships and beating the other bands by more than nine points," said **Mike Duckworth**.

There were many seniors in the band this year, and their great contributions to the band will be greatly missed. In looking back, the seniors will have a year of memories and accomplishments that will stay with them forever. According to band director **Mr. Clever**, "The students involved in the Southern music program have demonstrated themselves to be outstanding musicians and students. They have proved themselves equal to any band program in the nation, and I will miss them deeply."

As these seniors take the next step toward the future, they take the time to look back on the past four years of high school and remember the classes they took, the friends they made, and the memories that were created. At their end of the production of high school, these seniors will move on to start a new production in their lives.

Dear Southern Garrett High School Graduates,

It is with great pride that I am able to proclaim you as a high school graduate. You have finished one of life's most memorable moments and now must set your sites on even greater challenges. The long hours of homework, practice, lectures, and bus rides seem like only fleeting seconds as each of you look back on thirteen years of education. Only yesterday your kindergarten teacher was wiping away the tears!

As the fifty-sixth graduates of our wonderful school, you have had the privilege of being a part of its history. It was with great pride and honor that *U.S. News and World Report* named Southern Garrett High School as a Bronze Award winner signifying our school as one of the best 1,500 schools in America! As the last class of graduates who are not held accountable for minimum achievement in the High School Assessment standards, I am sure you breathed a sigh of relief.

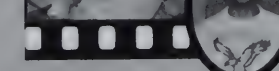

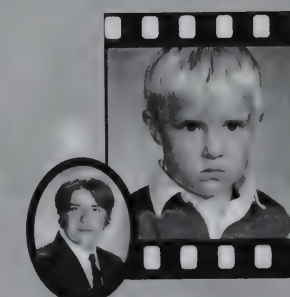

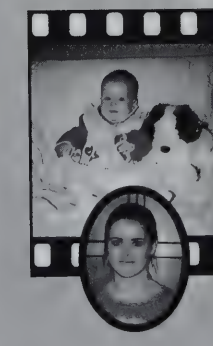

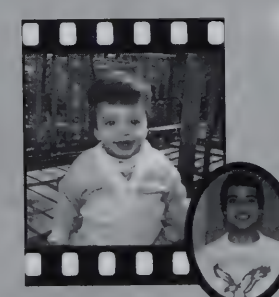

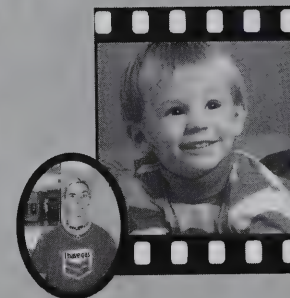

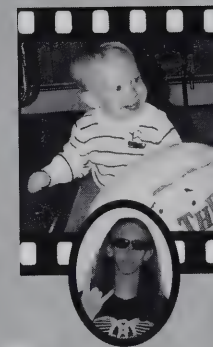

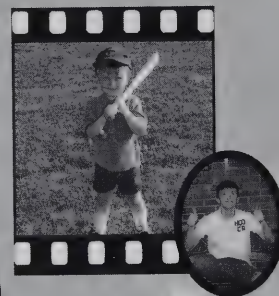

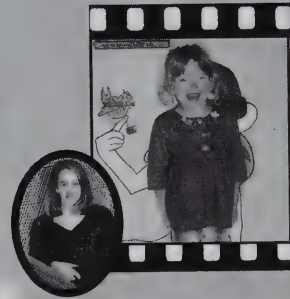

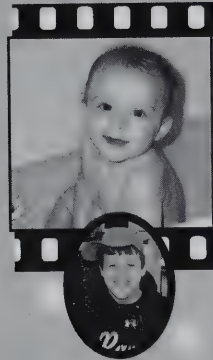

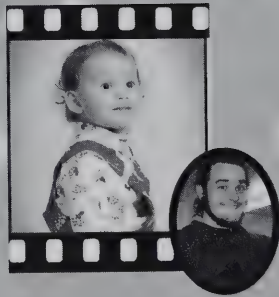

Each of you will long look back on your senior year as one of great memories. Drama productions, musical field shows and concerts, stirring athletic events, and simple field trips create memories that are forever etched in your minds. This senior class had the privilege of taking a trip to Disney World that will perhaps lead to other exciting trips for future classes.

Southern Garrett High School annually boasts of students and staff that give much and receive more as a result of hard work. "*Good things happen to those who work*," serves as a motto that befits our drive and attitude. Pushed by teachers of compassion, excellence, and great expectations, you accepted the rigors of a school that demands the best of each student. In my final year as principal, I consider myself fortunate to have spent four years learning to know and care for each of you. It has been my great fortune to have worked for thirty-one years in an incredible place called Southern Garrett High School. The future will separate most of us, but our memories will always keep us close. Only one reminder do I give as you embark on a new world full of challenges ---- **You are the best!**

Sincerely,

Mr. Tom Woods
Principal

Class of 2008

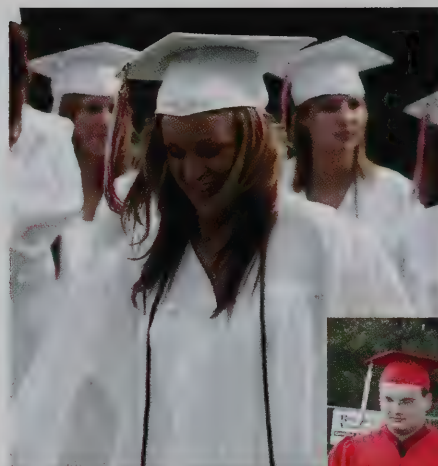

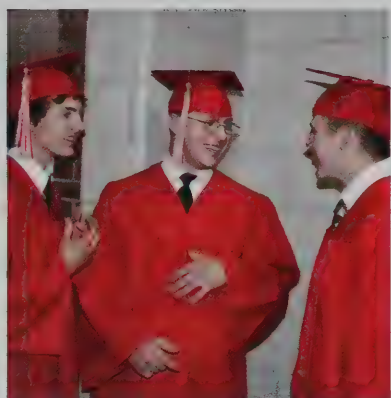

This year's senior class trip was a journey to Disneyworld. For most students this was the first time out of Garrett County while for others it was another trip to add to their traveling experiences.

From riding roller coasters to meeting Goofy, students spent the weekend adding to their senior year memories. "This by far was the best trip I've ever been on. Grad night was the greatest and I had a great time spending time with my friends and classmates," says Aaron Garner.

A Walk to Remember

With 13 years behind them, the Class of 2008 moves on to another chapter of their lives; but, takes with them fond memories and the hope for a successful future.

-Hannah Davis

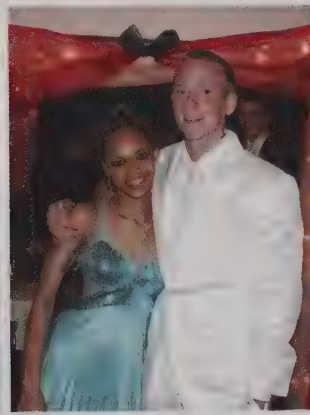

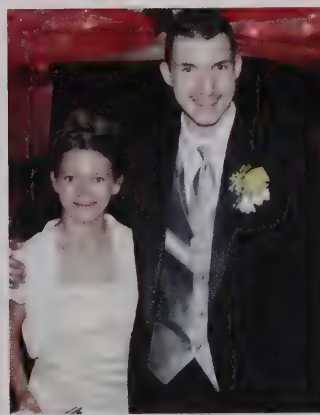

The junior class presented the annual prom on April 26 at the Elks Lodge. Although the weather may not have been perfect, everyone showed up in their beautiful gowns and classy tuxes, waiting to dance the night away. Before entering the dance floor the seniors voted for their 2008 prom court, including the King and Queen. Scott Lohr provided the music for the night, while the students socialized, danced, and had a great time. At the end of the night, everyone grabbed their memento candles, keychains, and roses and headed off to attend the after prom celebrations.

"The most memorable event was when my friends and I danced wild and crazy!!"

The
2007-2008
sports teams
at Southern
made up the stunt

men and women of *Our Feature Presentation*. The highlights from this year's sports were the girl's cross country team going to states, the boy's basketball team beating Northern, and the indoor and outdoor track teams having many state qualifiers and competitors.

The most exciting stunt man this year was Brutus Scheffel because he won the state championship for wrestling, for his second year in a row. All of the sports teams did well this year, while showing off their dangerous stunt skills.

MIRACLE RUN

Quantity does not reflect quality. This year's boys cross country team was small in numbers, but they were mighty on the course. They demonstrated hard work and perseverance in every meet. This year's boys team was led by new coach, Scott Winters, and according to the boys, Coach Winters taught them sportsmanship, teamwork, and determination. The team had a good season with Mike McConnell competing individually at states.

Look Who's Talking

"I enjoyed running cross country, sticking with the races, and not quitting because the pressure was very fulfilling."

-Seth Lewis

"My favorite part of running cross country is having fun and playing ultimate frisbee."

-Codie Beckman

"My favorite course to run this year was our home course at Broadford Park because I had a really good time there."

-Joe Bever

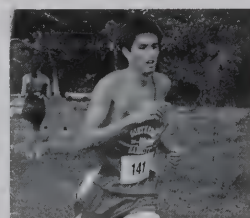

"My favorite memory from the season was when Seth Lewis cleaned his plate with the ice cream scoop cleaner at China Wok."

-Tim Preston

"We weren't just a team of guys, we were a band of brothers. Scott wasn't just our running coach, he was our life mentor. We might not have won states but we certainly did not lose either!"

-Andrew Sauder

"I like the feeling of accomplishment when I finish a race."

-Tyler Tasker

THE LONG RUN

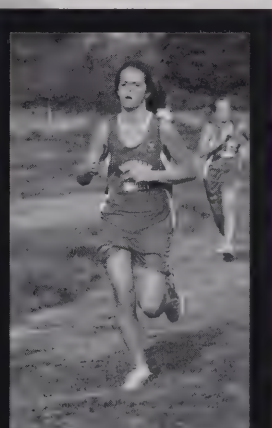

The Girl's Cross Country team reached new heights this season. All nineteen Lady Rams, consisting mostly of seniors, performed their hardest and the team's dedication paid off. Coached by Steve Cosner, the team qualified for states giving them the chance to run on what is said to be one the hardest courses on the east coast. According to **Coach Cosner**, "This was one of the hardest working teams I have coached. The competition overall in the entire state was so much better and in turn that meant we had to get better as well, and as a team they worked to do just that." With nine runners possibly returning next year, the team will continue their success on the course.

"I love getting into a group to do our cheer before each race because I feel so close to everyone on the team. I love these girls!" -**Julie Swerbinsky**

"My favorite memory from this season was running the state course near Baltimore."
-**Brittney Scheffel**

"Running is like a feeling that can not be explained. When I finish a race, I feel a sense of accomplishment that you can't get from anything else."

-**Kim Stephens**

"It keeps me in shape, the girls are awesome, and Coach Cosner is the man."

-**Liz Callis**

"Cross Country is a good way to stay in shape and collect t-shirts from all of the meets we race in."

-**Kira Farley**

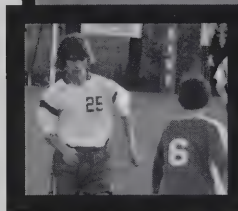

Why do you like to run cross country?

KICKING AND SCREAMING

The boys soccer team played hard this year by showing off their speed, endurance, and dedication for winning their games. Soccer is a game of technique, fast footwork, and strong muscles and this year's boys soccer team did their best to use their skills in every game to win. The team did not get all the wins they had hoped for, but they came away from the season as better and stronger players. They developed friendships that stretch far beyond the boundaries of any field and created memories that will last a lifetime.

The thing I enjoyed the most about this soccer season was when Jon Ross went into the girl's bathroom at a fast food restaurant! -**Matt Burton**

What did you enjoy most about playing on the Boys Soccer team this year?

"I enjoyed running free like a Stallion!"

-**Caiden Shaffer**

SHE'S THE MAN

Southern's Lady Rams played tough this season, and no matter if they won or lost, they showed class and sportsmanship on the field. The team lost 11 valuable seniors and gained 12 dedicated freshman. The ladies ended their season on the positive side because of the lasting friendships that were created during the team bonding that took place throughout the season.

Look Who's Talking

"We had a really close team this year and it was a lot of fun when we were all together at the pasta dinners and sleepovers."

When I scored, the entire team came up to congratulate me and I jumped on Bobbie. When I came back down, my cleat got stuck on her shoelace and I fell to the ground. EVERYONE saw me fall and I was made fun of after the game!"

-Marlena Kelly

THE LONGEST YARD

When you think of Southern Rams football team, you don't think of the number of wins or losses, you think of the team commitment and dedication. Led by second year coach Steve Savage, the team spent countless hours practicing, studying films, and "pushing barrels up hills." This year's greatest victory was the homecoming game against Tucker County, where the team defeated Tucker 35-0. Although the team didn't get all the wins they hoped for, their endless efforts helped them grow into more than just a team, they grew as individuals.

-Nick Farmer

"My favorite thing about the season was Billy Ramey's pre-game locker room speeches."

BRING IT ON

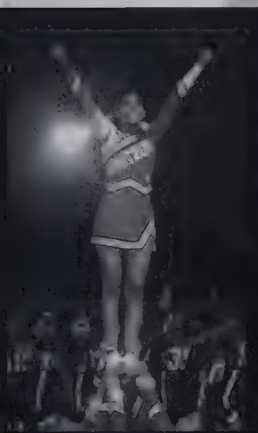

"Hands on your hips, a smile on your lips, spirit in your heart, we're ready to start!" This year the Varsity team started small but with great enthusiasm and school spirit, they accomplished more than they ever expected this year. The year ended successfully and although the squad lost three seniors, they are ready and pumped for next year. According to **Coach Biggs**, "There's no squad in our county or tri-state area that even begins to cover as many events as our Southern girls do. Their dedication to the various Southern athletic programs is outstanding to say the least."

DOUBLE TEAMED

This year's Lady Rams basketball team worked together as one strong team rather than individual players. They put a lot of hard work and dedication into making this year's basketball season one of the best. Having their friends around for encouragement and guidance, made them more comfortable on and off the court. Together they proved that they were a team worth competing against. **Alex Barnard** said, "What I will remember the most about this season is all of the inside jokes between my best friends and I."

4 MINUTE MILE

Records are meant to be broken, and this year the girls indoor track team did just that. Seven out of thirteen records were set by members of this year's hardworking and determined team. Being only the second year for an indoor track team at Southern, both the coaches and runners came back with more experience and were ready to show off their talents. Five girls had the opportunity to compete in the state meet. Brittney Scheffel, Kim Stephens, Katie Gindlesberger, and Jennifer Cosner ran the 3200 relay.

Samantha Taylor competed in pole vault and in the 55 meter high hurdles. According to Coach **Steve Cosner**, "The team was a group of very hardworking young ladies that made a lot of improvement. I hope all of our work will carry over into the outdoor track season."

State Qualifiers

What was your favorite part of the indoor track team?

"My favorite part of indoor track were the meets because we competed against teams that we don't compete with in outdoor."

-Erin King

"This season was great. I improved my times, had a great time training, and had fun with all the girls!"

-Emily Lipscomb

NEVER BACK DOWN

Southern once again proved that they are a force to be reckoned with, when it came to wrestling. The boys approached every meet with confidence and left their opponents shaking in their spandex. With a perfect regular season the team sent seven wrestlers to the state championship. Among those boys was Brutus Scheffel who won his second straight state championship. **Coach Taylor** said, "I'm extremely proud of these kids. They worked hard, committed themselves to the team, and earned respect from the entire state, both on and off the mat."

LOOK WHO'S

RUNNING BRAVE

Together or apart the boys track team worked as a team this year. By running hard and throwing far, the team made this year's season one that will never be forgotten. Head coach, Timothy Yoder, helped his team prepare for each meet. Each day after school the boys put their time and hard work into practicing, which later paid off when six members of the team made it to states. Even though the team will be losing six of their outstanding seniors, they will always remember the sweat and tears they put into making the 2008 season memorable.

FOR LOVE OF THE GAME

The 2008 Varsity baseball team ended their season with nine wins and seven losses. And even though they did not get all the wins they wanted, when each player put on their red jersey, stepped out onto the field, and played the game of baseball they showed their Ram pride and gave it all they had. Whether they were batting, pitching, catching, running to a base, or cheering from the dug-out, each Southern player made many great memories during this year's baseball season that will last a lifetime.

What can you say about this year's baseball season?

"I enjoy centerfield position because it is a lot more relaxed than the infield positions."

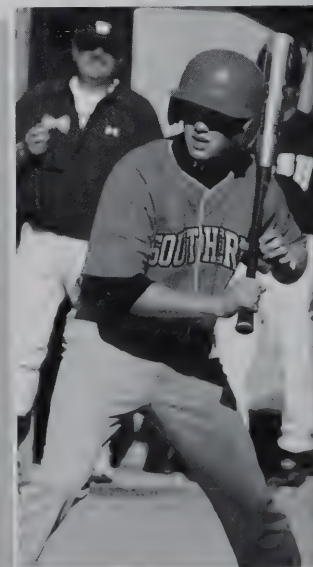

-Ryan Sweitzer

"Before every home game the team goes out to center field and we pound against the Rams sign to make a lot of noise."

-Aaron Mullenax

"I enjoy playing first base because it is involved in almost every play. It puts a lot of pressure on you because either you make the play and you're a hero or mess up and you're to blame."

-Ryan Sellers

A LEAGUE OF THEIR OWN

The 2008 softball team ended with a record of seven wins and eleven losses. With a season of ups and downs, the ladies gave it their all by working hard and playing well. Their team spirit kept them positive and helped them win. "What I liked the most about this season was pitching and being in every play. I will miss all of the girls! I feel we did okay this season, and even though we could have done better, I still had fun playing the sport I love and being with my friends," quoted **Melodie Stolbom**.

LOOK WHO'S TALKING

"The only crazy traditions we do before a game is that everyone sings really loud on the bus. That's the best part of the bus rides!" -**Ayla Fulmer**

"I wanted to play softball this year because I played it when I was little and I enjoy hanging out with the girls. We are just like a family." -**Brooke Baier**

"The team that we really wanted to beat was Allegany because they are a pretty tough team. We always want to beat Northern too because they are our rival."

MATCH POINT

This year's girls tennis team practiced hard, played to win, and always supported each other's efforts. With ten wins and four losses the girls had a memorable season together. Because unity was the major part of this team, eight out of the eleven players successfully made it to regionals and two made it to states. "It was a great year for the seniors that graduated and all the new tennis players that came aboard will be a great aspect to the team next year." stated **Coach Ashby**

LOOK WHO'S TALKING

"My favorite part about being on the tennis team is having fun with the other girls at practice and at matches. Everyone cheers for each other when they play and it's just nice to have that support."

-Julie Swerbinsky

"My favorite part about being on the tennis team is that it doesn't have to be competitive all the time. You can get together on the weekends with friends and play around."

-Meredith Pagenhardt

"This was my first year playing on the tennis team, and my favorite part was all of the girls on the team."

-Abby Wildesen

-Brittney Scheffel

"Tennis is a perfect combination of violent action taking place in an atmosphere of total tranquillity."

-Billie Jean King

WIMBLEDON

You win some and you lose some. For the tennis team the phrase meant more than just the number of wins and losses. The season meant perfecting serves, receiving techniques, and developing eye/hand coordination. With only one senior leaving, the team will have time to grow and perfect their tennis game.

Despite having a 5-8 record, it was the dedication and determination of the players that made the season memorable.

"The fifth set is not about tennis, it's about nerves."
-Boris Becker

"I wanted to do something new and spice up my life."

-Jarad Arnold

"I played tennis because it was the cool thing to do."

-Charles Bowman

"I decided to play tennis because I look good in the shorts."

-Michael Kozier

Why did you play tennis this year?

Academics

The academics serve as the director of *Our*

Feature Presentation here at Southern. They bring all different types of people together with similar interests to reach one goal. Many of the academics and clubs all reached new heights this year, and all being rewarded with success

All of the academics and clubs students participate in help shape them in to take on the leading roles of their lives.

Better a Witty Fool than a Foolish Wit

Marcella Martinez stated "My favorite project in English was the Rock-n-Roll project, because we got to rock out!"

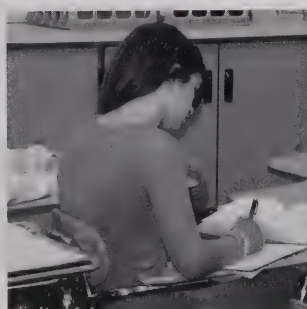

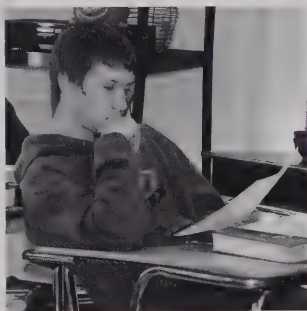

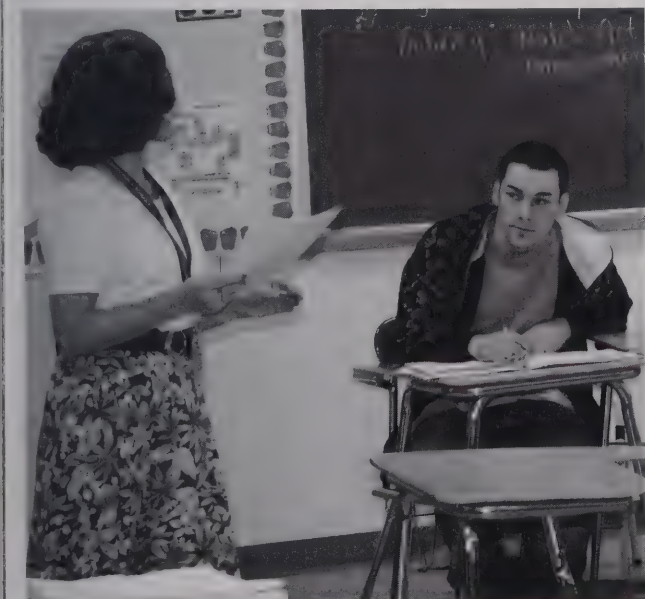

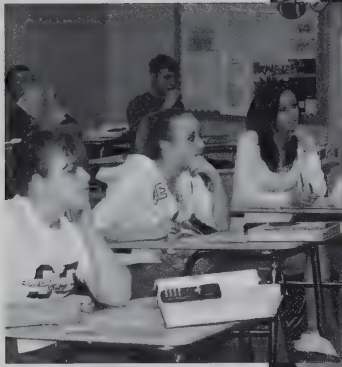

Seth Lewis stated, "My favorite project that I did in English was my report on the Death Penalty."

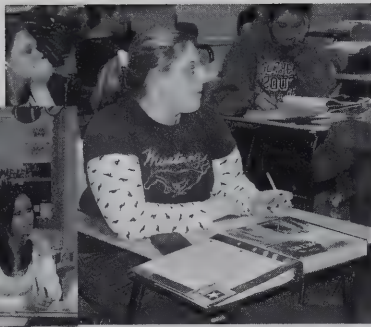

Joel Rush stated "My favorite novel that I read in English was MacBeth."

Both English and Foreign Language classes give students a chance to better understand the world around them. In Foreign Language, students are given the chance to learn about different cultures. They can have a fiesta in Spanish, try crepes in French class, or have a fete in German. Students are only required to have two years of a foreign language, but most students continue all through their high school years studying a language other than English. Learning a foreign language is more fun for most students because it is different and exciting. On the other hand, students are required to take four years of English. Through English courses, students are able to learn more about their own culture and develop better writing skills. Students have a chance to express themselves through creative writing assignments, research papers, and other assignments from books they have read. Students must master their own language before they can learn a foreign one, but learning a variety of languages helps students become more aware of the different cultures and ideas that surround them.

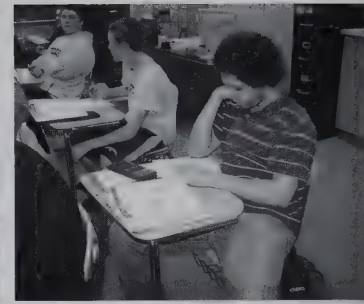

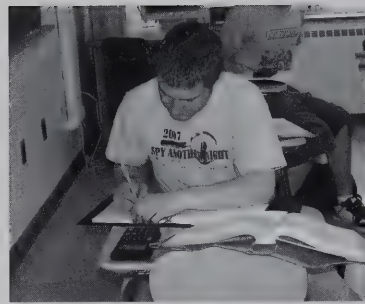

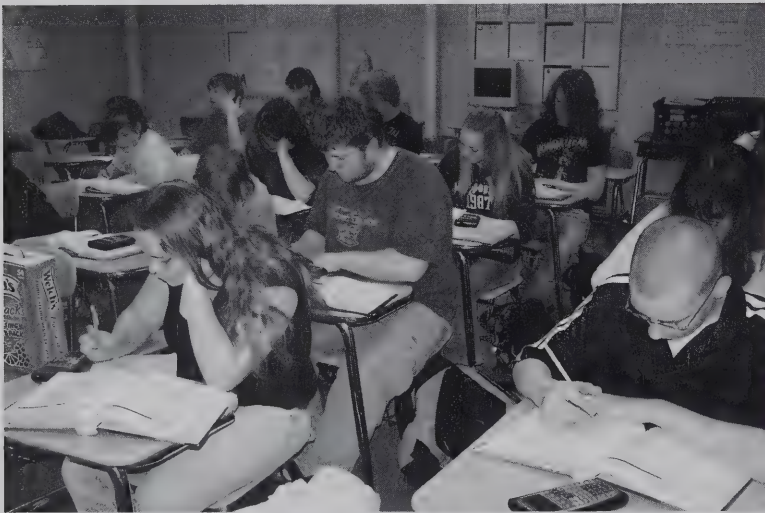

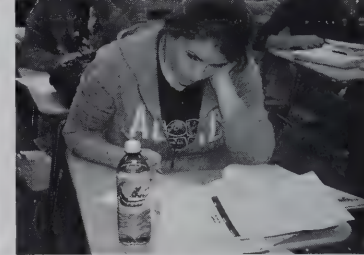

Jessica Hardesty, Marlaina Graham, and Lottie Sanders are watching their math teacher demonstrate an algebra problem using the new Whiteboards purchased this year.

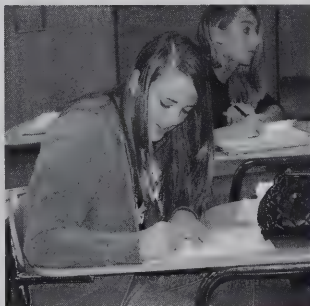

Laura Wilhelm is focusing on her math problems in Mrs. Sander's class.

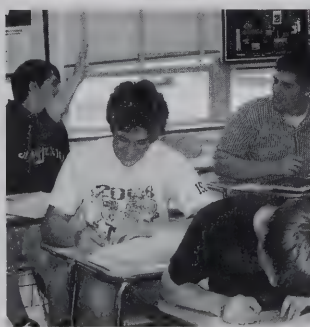

Megan Stolbom states she likes to concentrate and complete her work during school hours so she will not have homework.

Brittany Scott says, "I enjoy math because I like to learn by numbers and solving problems. Math comes easy to me."

Kody Lewis says, "I enjoy math because the career I plan to have is math related."

The Scientific Method

Torie Bosley and Brian Baker show off their fashionable goggles in the chemistry lab.

Whether it is biology, chemistry or environmental science, Southern students say the same thing, "we love to experiment." Aaron Garner said, "I really like taking science classes. I enjoy the hands on experiments and projects we did this year." Southern students not only excelled in the science and math classroom, they excelled in competition during the science fair, envirothon and math contests. This year students worked hard at broadening their mathematical and scientific horizons.

Katelyn Gnegy and Julia Jordan have just created octagons in science class. They said they like hands on activities.

Chris Schad, Willard Ashby, Nathaniel Raley, and Parker Monn are working in Mrs. Bishoff's lab on a chemistry experiment.

Students Are Full of Colorful Drama

Christian Glotfelty

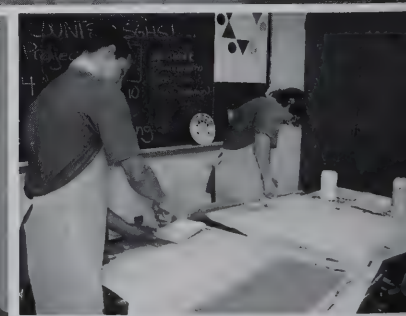

"I had fun in art class, but during the semester, I realized I was not very good at art and it just was not my thing."

Whether students are in the classroom, at the pottery wheel, or up on stage Southern fine art students are creating masterpieces that will last a lifetime. Painting, acting, singing, and sculpting, these students get creative while they express themselves in unique ways. This year the theatre class shared their talent with the community by putting on two plays: *Laugh-In* and *Alice in Wonderland*. The chorus and band classes shared their musical talents during concerts. The art classes decorated the school halls with their art work. All of these fine art classes make our school a colorful and more enjoyable place to learn.

"I enjoyed making my Invader Zim mask in Theatre. It was an outrage!" **-Brittany Scott**

Let the Good Times Roll

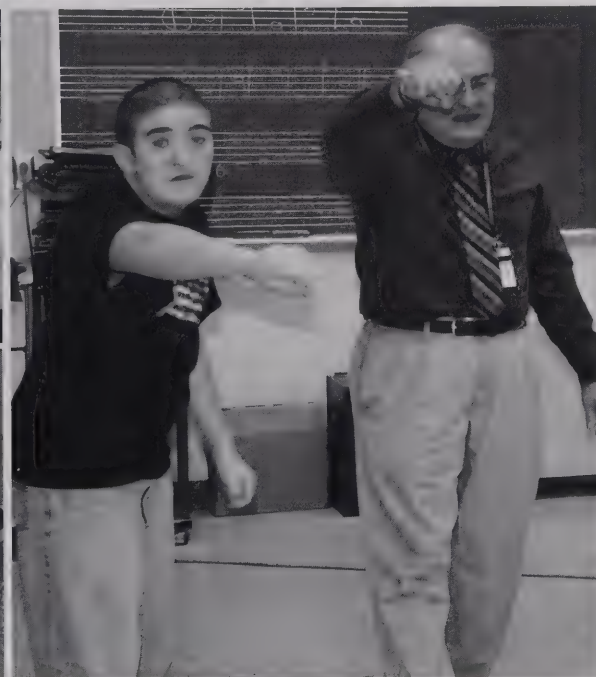

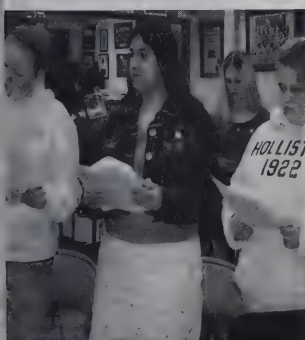

Brittany Nice said, "My favorite song from chorus was "African Noel," it was challenging and it helped me improve my singing."

Bethany Stevens said, "I played the saxophone in Southern's band and I loved all the competitions and traveling we did."

Nick Wilt said, "I play the Drums in Southern's band because they are loud and fun to play."

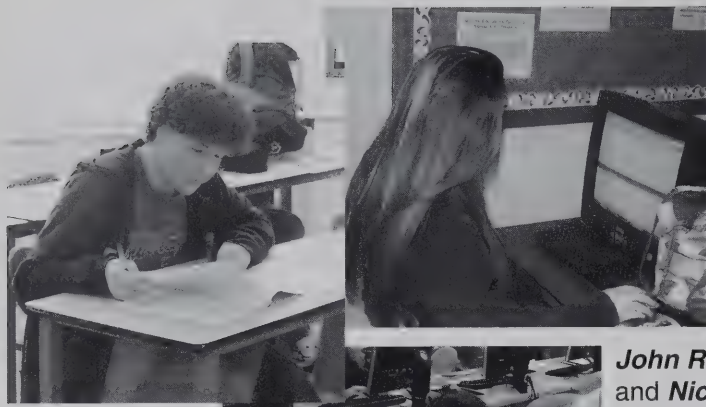

BreAnna Eastman

"Chorus is something I'll always remember. Meeting friends, having great times, it's all part of working together. Chorus is just like a sport, you have fun and get to show people your talent. It is a great experience that I wouldn't trade for the world."

Michael Paugh

"I really enjoy band. It is a lot of fun and I meet a lot of new people this year."

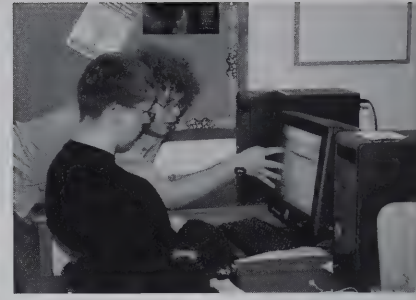

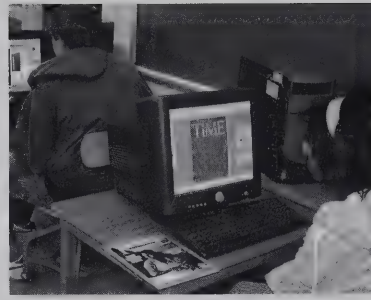

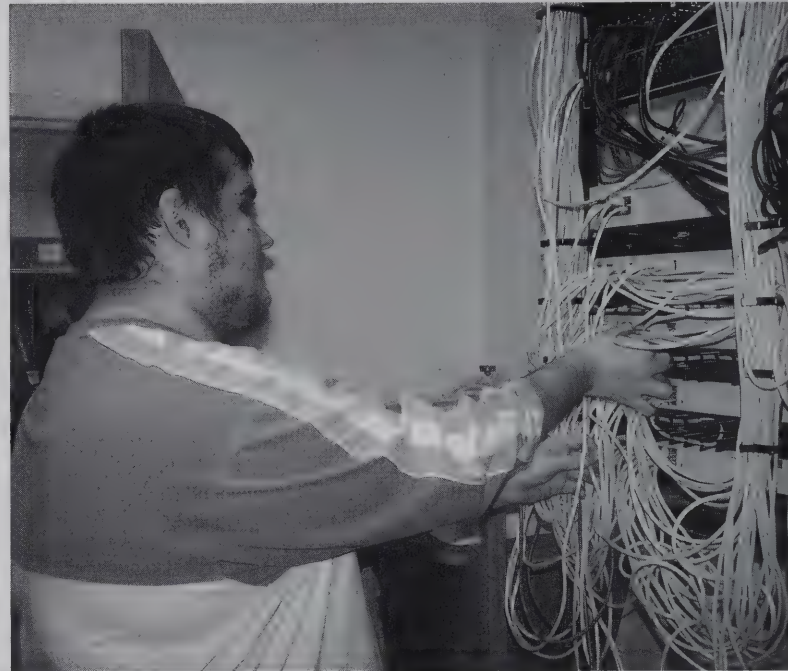

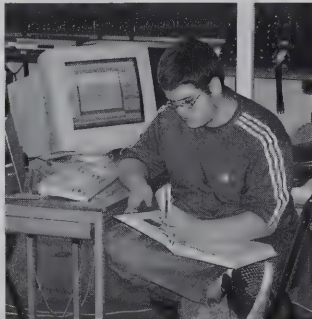

William Hayes "I enjoyed learning about the stock market in economics. He also took accounting in order to learn how to spend his hard earned money."

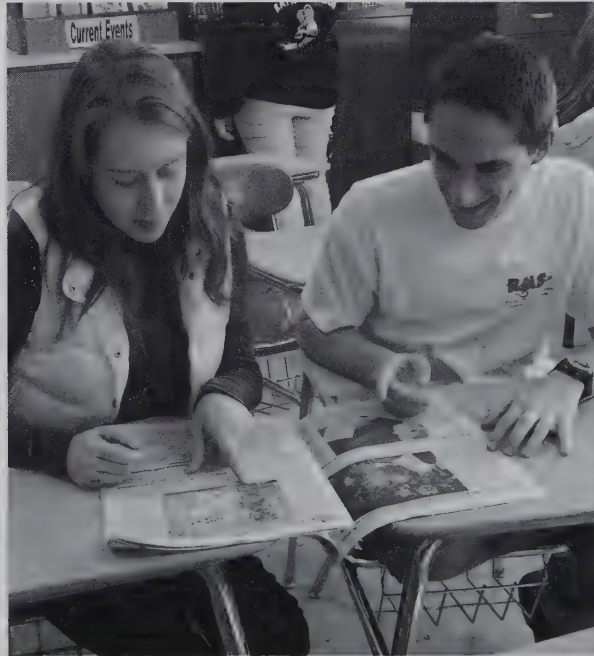

John Rolf and Nick Brant are trying to figure out a networking problem during an ITEC field trip to WVU.

Lionel Bird enjoyed shutting down classmate's computers in Programming class. Hopefully this entertainment does not follow him in his career in software design, otherwise he might be forced into a early retirement.

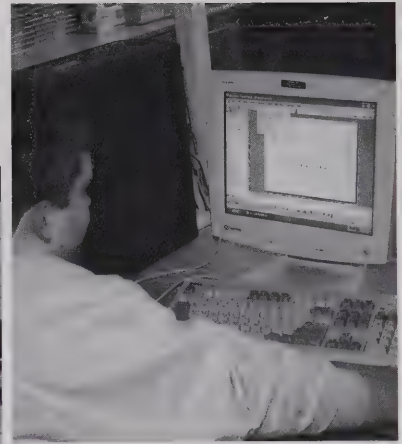

While on the 1629 Robotics Team, **Stephanie Lee** enjoyed meeting new people from around the country and doing something she has never done before.

Leading into the Future

Connor Norman is practicing and learning skills that will aid him with his career in medicine.

Technology and business is rapidly growing which is increasing the need for technology and business education. Southern students get many opportunities to learn and put to use their technical and business skills. Skills in computer repair, networking, web design and publishing, computer programming, financial management and journalism are some of the areas where students can learn about technology and business. Students taking any of the business and computer classes learn people, financial management and technology skills. "I've learned a lot in my business and computer classes. They will help me when I start my own business," states Jesse Ferguson. "I chose to join the robotics team because I plan on a career in Engineering. I enjoyed being part of the team and meeting people from other areas." said Stephanie Lee

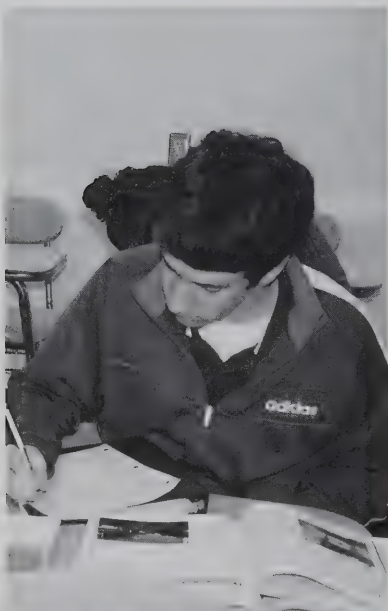

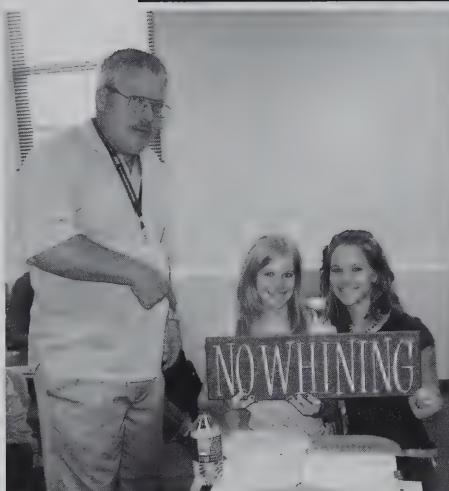

Cars

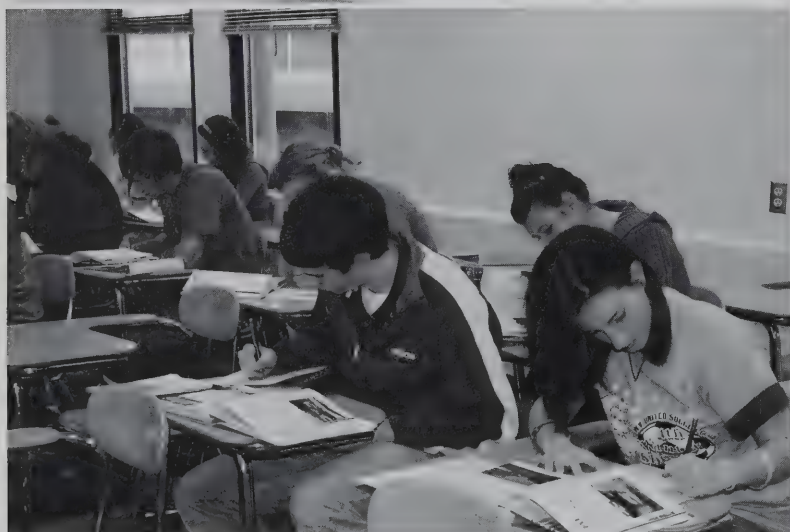

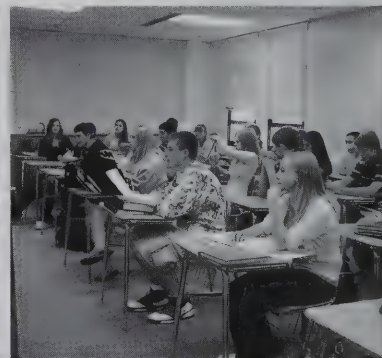

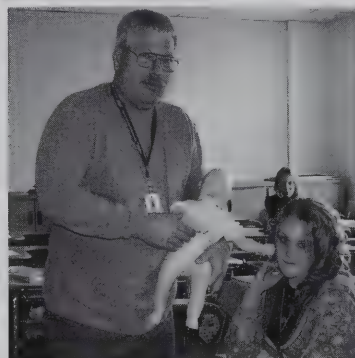

Float like a Cadillac, Sting like a Beamer

Tiffany Matthews said, "I will always remember Mr. Troublefield calling me Miss Wendy Whiner, and him pointing to his *No Whining* sign."

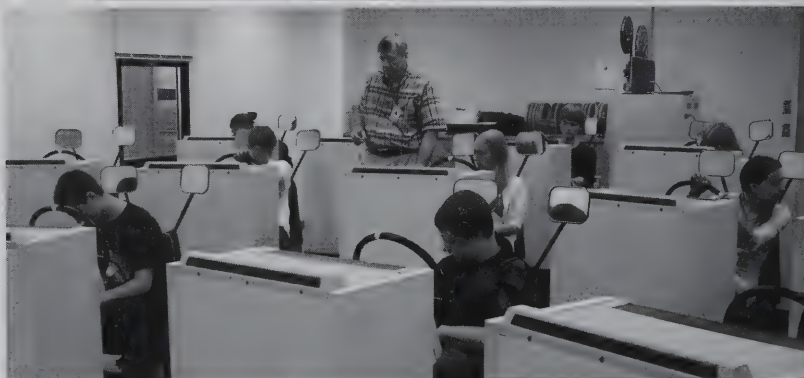

Leave sooner, drive slower, and live longer. Words of wisdom and safe driving habits are taught to help students of Southern become responsible, careful, and good drivers. From practicing methods of CPR to behind the wheel experience, Driver's Ed gives students the opportunity to prove themselves capable of holding a license. It's the class that many students want to see on their schedule, and the class that provides a number of practical skills.

Kaitlin McDade said, "My first drive in the Drivers Ed car I almost ran into a ditch."

Dylan DiGioia said, "My favorite part of Driver's Ed is getting out of class to drive."

Dodgeball

Staff Writer: Jackie Fries

"If you can dodge a wrench you can dodge a ball." - Patches O' Houlahan

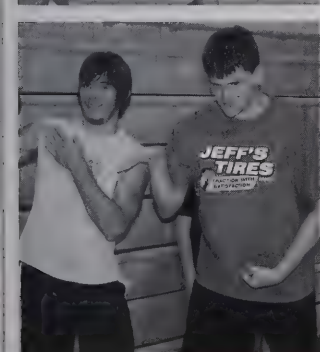

Alexis Markwood said, "I like PE better than Health because I like to play sports."

Emily Thomas said, "I picked Weight Training next year as an elective, because I liked gym this year and I thought it would be fun."

Exercise is good for your mind, body, and soul. Whether it be from the agilities and stretches in PE, or the bench presses in weight training, students get plenty of opportunities to get fit. While most of the students in PE spend their time practicing their skills for basketball, volleyball, and baseball, weight training students test their endurance and strength as they practice weight lifting techniques. It is not only about physical activity though. There is a health course incorporated into PE that helps students learn many aspects of staying healthy.

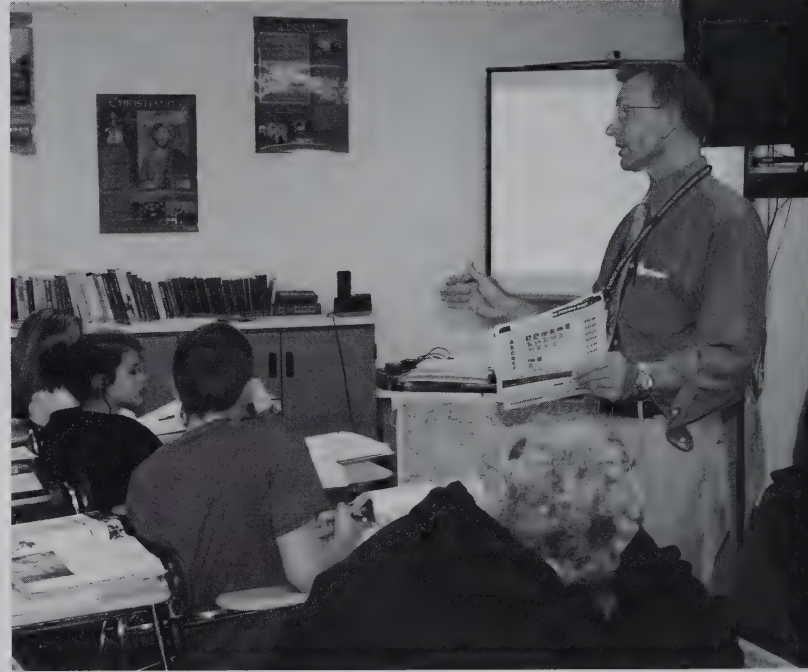

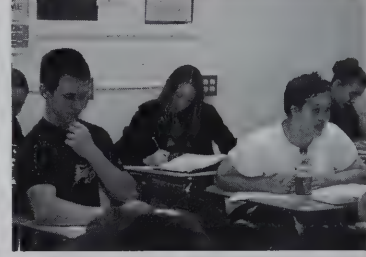

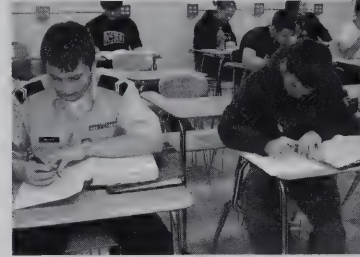

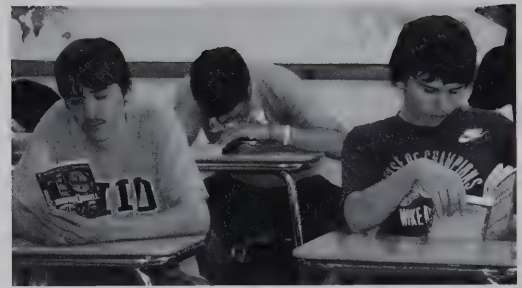

Caitlin Dumire: stated, "My favorite topic in World History was the English Revolution, it was fascinating."

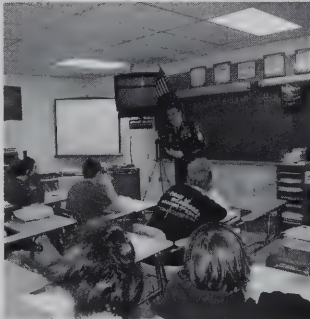

Ryan Hershman stated, "The best part of Mr. Bender's class was the clicker quizzes."

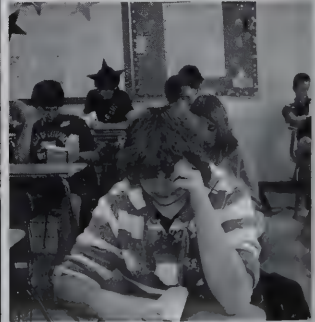

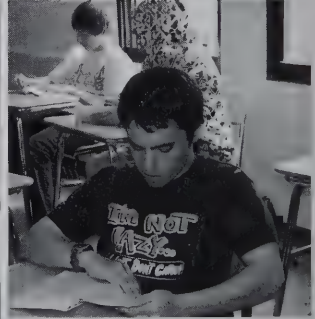

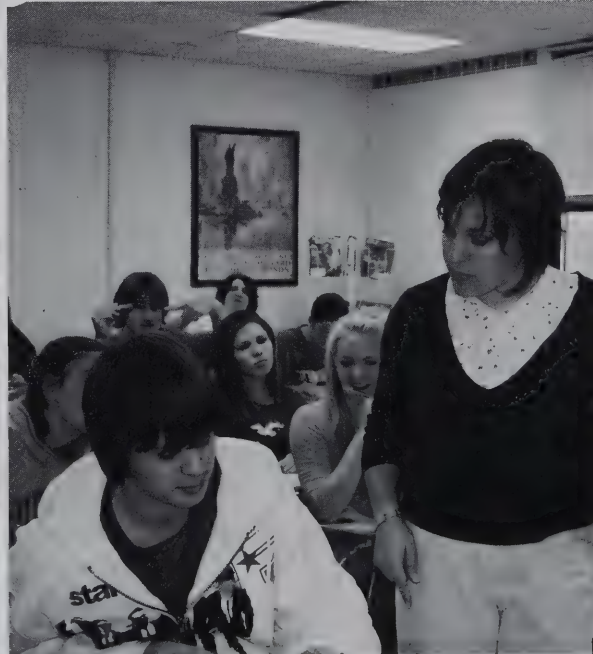

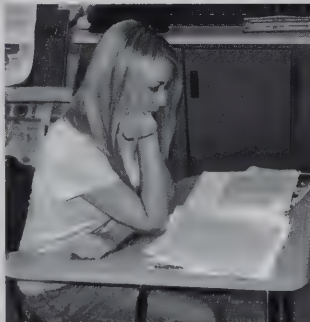

Carolyn McGehee stated, "My favorite memory of World History was presenting for a musical learning style project about the scientific revolution, I sang and Bret Kight played the guitar."

Kelsey Lear, Abby Wildesen, Jessica Simson, Kaylee Sisler, Brittany Scott, and Kristin Skeweris are reading **1984** for their Government class. **Brittany Scott** said, "My favorite memory from Government was the day of H.S.A.'s in class."

Jessica Hebb stated "The best topic we studied in World History was the French Revolution, especially when we learned about Marie Antoinette--she was awesome."

The Patriot

Social Studies and JROTC

Tommy Wilson stated, "Drill was my favorite ROTC event because I was better at it than any other event we competed in."

Social Studies classes such as Government, World History and U.S. History may concentrate on events that happened yesterday but they still have a major impact in today's society. Students in these classes help us learn from the past in order to prevent mistakes in the future.

JROTC is a program that stresses leadership, patriotism and confidence. It gives students the chance to develop skills they will use their entire lives.

Kellie Friend stated, "JROTC has helped me join sports where I became athletic and healthy. In school, its helped me work harder to achieve high grades and keep them."

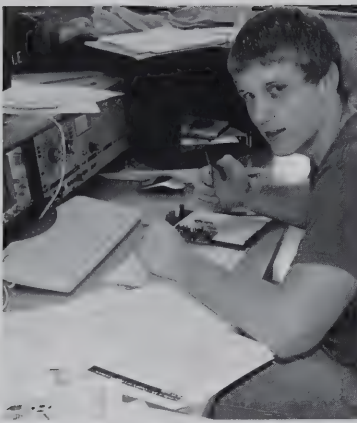

Matt Jordan stated, "JROTC has taught me about the structure of the military and I have become a more effective leader."

School Edition

Cliff Herath took a short break from working hard on his project in Electronics class to pose for a picture.

The Career and Technology Education pathways prepare students for specific fields of study. Whatever path a student takes, the skills he or she learns prepares them for real life occupations. "I took electronics because I wanted to get a jump start on my career in computer networking. This class gave me more knowledge going into the ITEC program at Garrett College," said John Rolf.

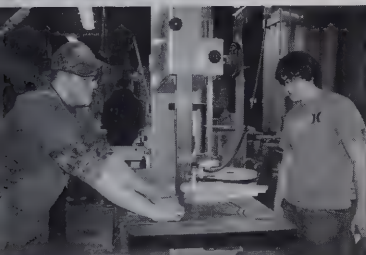

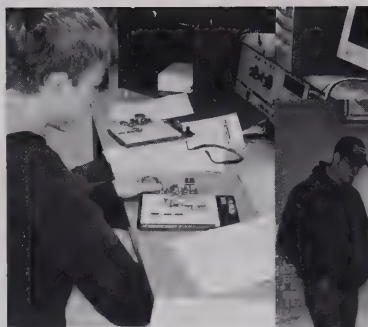

Mr. Carrico is teaching **Amanda Beckman** how to arch weld in Agricultural Science and Mechanics class.

Derick Dewitt is sawing for a project in Carpentry class. **Derick** said, "My favorite class is Carpentry because I get to learn skills that will help me with future jobs."

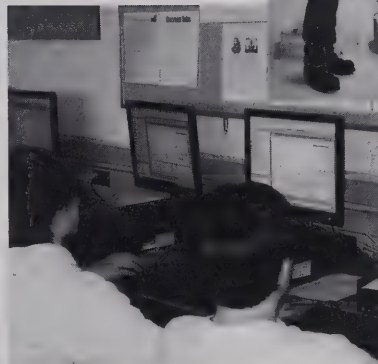

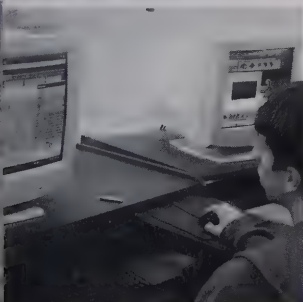

Michael Upole says, "The most important thing I learned in Electronics was how to be precautious while working with all the electrical equipment."

Kody Sanders and **Tyler Alt** said, "Our favorite project to do in Tech. Ed was making an egg container from a folder."

Dan Tichnell likes building things and working with his hands, that is why he took Masonry class.

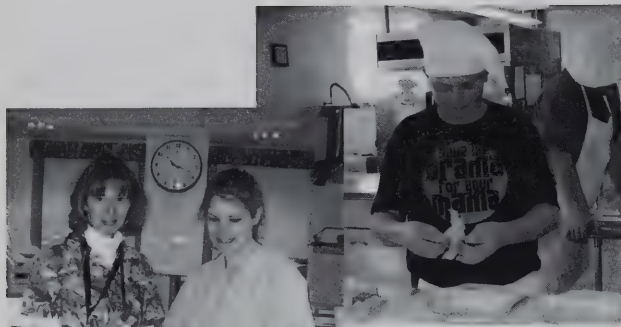

Mr. Bowser and **Terrell Burdette** Mr. Bowser said, "I wish more students would take the opportunity available to them through these CTE classes."

Sean Ashby is searching on the internet for car parts. **Sean** replied, "I enjoy Auto Mechanics because I get to learn the functions of how everything works in cars, and it is a lot of fun!"

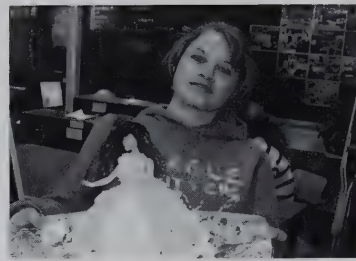

Clare Buckle assisted at Garrett County Memorial Hospital for her Allied Health class.

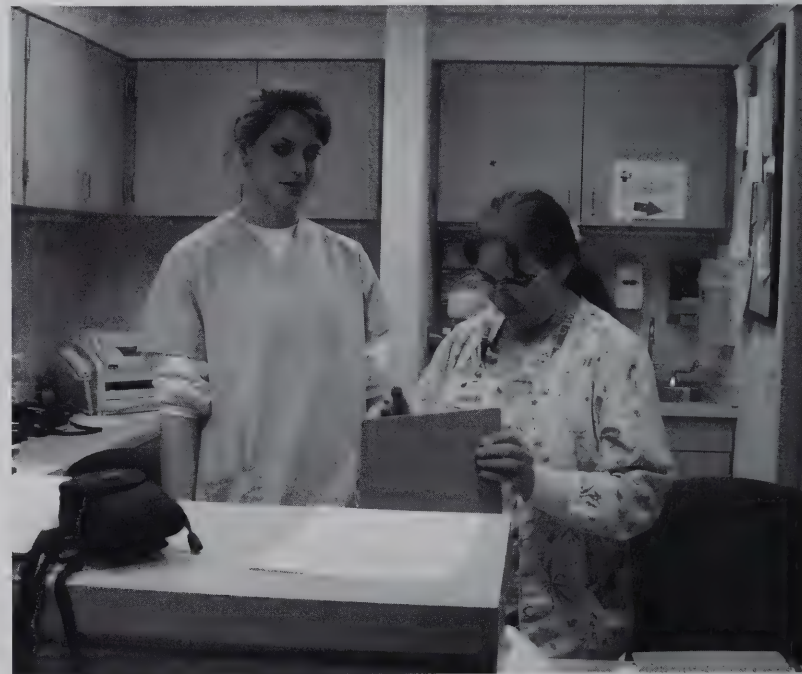

Christopher Lynch took Foods class this year because he wanted to eventually open his own restaurant when he gets out of school.

Brittney Lovill wants to work with children when she gets out of school, and that is why she chose to take Child Care in high school.

Breanna Baker in Foods class is making a meal with **Mrs. Shipe**. **Breanna** said, "The most interesting thing that happened in Foods class was when we made Thanksgiving dinner. It was very interesting trying to get all the stuff together at the last minute!"

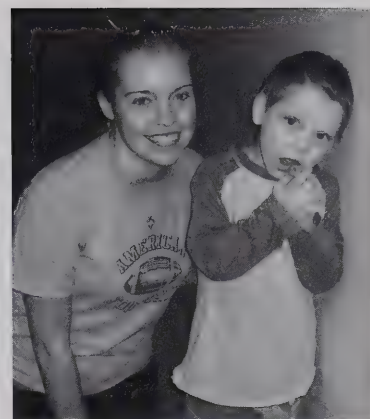

Kearstin Glotfelty helps out with little children during school for Child Care class. **Kearstin** said, "Child Care will help me in the future because it helped me to learn more about children, and I want to work with children when I get out of high school."

Students Preparing for the Future

Tiffany Wotring said, "I love children, so Child Care taught me how to care for them properly."

Southern students have an opportunity to express their interests through the Career and Technology Education classes offered. Whether it be a passion for children or an interest in cooking, activities associated with each class help students prepare for their future careers outside of high school. Child Care classes teach students about child development and education, while Allied Health students go out and work in the nursing field and experience health care environment. Foods classes allow students to learn what it would be like to run their own restaurant and develop cooking skills. Nothing is a waste of time if you use the experience wisely, and each of these classes gives students an opportunity to learn new skills and gain experience that will lead them to a successful future.

Tori Tichinel and Trista Aronhalt
Torie said, "My favorite thing about Child Care was the activities we did in class, especially the ones with the younger children."

These pilgrim hats are one example of the fun holiday activities that the first semester Child Care I students prepared and presented to the class. "Holidays are fun because the students work together, teach each other, and enjoy what they are doing," stated Mrs. Gibson.

Tabitha,
I've watched you grow
over the years into a very
sweet and kind young lady.
I know I have relied upon
you and you've always

always seemed mature
beyond your years. As you
take these next steps into
your future, know that I am
extremely proud of you
and wish you all the best. I
hope you don't move too
far from home, but know
that if you have too, I will
support your decision. You
have "Bewitched" us all
and you're my "Tabitha".
I love you.

You're stubborn and hard headed
You're headstrong and ambitious.

You know what you want
so follow your dreams.

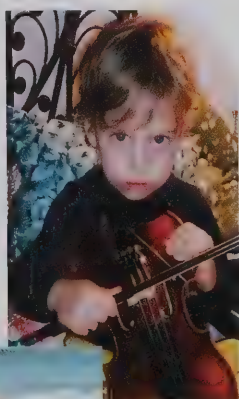

Aim high—we know you can get there.
Go as far as you can and get everything
you want out of life.

that you're such a good

I never believed it when people would say, **'live up senior year because it flies by so fast.'** Boy were they right! I can't believe how fast it has went by! Looking back, I can't believe how fast all of high school flies by! **Words of wisdom to underclassmen**, live every moment to the fullest. Sometimes it may seem like you are never going to get through something but don't worry, keep smiling and hang on and before you know it, it will all be over and **worth** all the stress and struggles! I would like to thank our advisor, **Ms. Zumpano** for listening to my crazy ideas and for always being there for me! I would like to thank **Jillian** for always having my back and letting me vent to her when it seemed like nothing was going right. I would also like to thank the yearbook staff this year and all the years before that I have been in yearbook. You guys have opened up my eyes and made it a real pleasure to work with each and everyone of you! Especially this year's staff, for listening and cooperating with all of my freak outs! You guys are the greatest! **Seniors**, I wish all of you the best of luck with all that you do! **Never give up on your hopes and dreams!** Hold these memories that you have made these past four years close to you! We had the **best senior trip ever** and I'm pretty sure we are the **first class** to ever get poured on at graduation! **You seniors have made my senior year truly unforgettable! Congratulations Class of 2008!**

Yours Truly,
Abbi Smith, Editor

Throw it away
Forget yesterday
We'll make the great escape
We won't hear a word they say
They don't know us anyway
Watch it burn
Let it die
Cause we are finally free tonight

The past four years of high school at Southern has been a journey of activities, sporting events, jobs, emotions, and hard work, which ended with an amazing senior year that I will remember forever. Southern High School students, teachers, and staff have taught me many things and one of the most important lessons that I have learned is that true friends are hard to find and once found they should be treasured forever. I believe that every student in high school has gone through or will go through drama and hard times, but my advice to the underclassmen is do not let drama get you down because by the time you are a senior, no one will care about the conflicts that have occurred in the other three years of high school. On a personal note I would like to thank the yearbook advisor, Ms. Zumpano, for always being dedicated to the yearbook, and putting up with my OCDness for each and every page. I would like to thank Staci for laughing with me when I messed up and helping with so many different parts of the yearbook. I would like to thank Abbi for being amazing at the layouts, cause we know my strong side is editing, not layouts, and of course for letting me vent when I got too stressed out to handle it anymore. Lastly, I would like to thank second semester yearbook for being patient with me, helping me with everything, and being such a great group of people to work with. A note to my seniors, good luck in everything you do, I know that each and every one of us will prosper into hard working adults, and never forget the Eiffel Tower falling at the eighth grade dance, our first day of being freshman, the awkwardness of being a sophomore and junior, and of course our senior year memories of having more freedom, the senior trip, prom, and lets not forget getting drenched at graduation. **Congratulations class of 2008 and congratulations to the underclassmen because you are one year closer to graduating high school! :)**

Farewell & Good Luck To ALL,
Jillian Kelly, Editor
